

FOCUS AREA
Community

Our Commitment

Support the communities we serve where help is needed most.

What We Do

- 1 Address food insecurity by expanding access to protein primarily through food donations, hunger relief grants, team member support and partnerships with Feeding America, No Kid Hungry®, OneEgg and Top Box.
- 2 Improve quality of life in the communities where we operate and work with our team members to address social challenges that disrupt their lives, such as housing, transportation, childcare, team member culture/integration and health care.
- 3 Help to deliver and serve food to communities that been heavily impacted by natural disasters through our Meals that Matter® disaster relief program.

What We've Done Recently

- 1 Reached our goal—one year early—to give \$50 million in cash or in-kind donations over five years to fight hunger.
- 2 Donated 400,000 pounds of food to 12 food pantries through the Community Pantry Initiative.
- 3 Made a \$1 million grant to DonorsChoose.org, which was used to fund teacher-requested resources at schools in 37 Tyson Foods communities.
- 4 Expanded Giving Together, our matched giving program for Tyson Foods team members, by opening the program to all employees and offering donation matching for volunteer time.
- 5 Responded to flood-related disasters by using our facilities as distribution centers for Meals that Matter food donations.

How We Measure Progress

 **\$40 Million**
TOTAL SOCIAL INVESTMENT

 **204**
TOTAL GRANTS AWARDED

 **\$34,500**
